Re: TM 4-210

This catalog is correct to 30 November 1950

1. GENERAL. a. This is a list of equipment and spare parts which are listed in the supply catalog for operation of the material and for performing organizational maintenance. It includes serial tables of organization and equipment, tables of issue allowances, and tables of allowances.
b. Explanation of symbols (such as H, I, X, etc.) used throughout the catalog are included under heading NOTES.
c. Ordnance instructions will find classification codes in ORD 5-2; Abbreviated Index to Stock List of All Items, for related stock numbers listed herein.
d. For prices of items contained herein, see the appropriate catalog as the ORD 5-2 series.

2. EXPT OFF INSCR. The title of these columns lists the unit of issue used for each item. This may be in the form of an actual unit of issue such as "per" or "per 100", or in the form of issue limits, usually by the use of "each" designated by "ea".

3. QUANTITY INCORPORATED IN EXPT. The quantity incorporated in this column lists the actual quantity of the parts required for the particular use indicated.

List of All Service Parts

of
Mount, Telescope, M30

Supersedes ORD 9 SNL F-223, 10 March 1945
Re: TM 4-223

This catalog is correct to 4 January 1951

1. GENERAL. a. This is an alphabetical list of items of the telescope mount M30.
b. Many of the parts listed herein are not stocked for issue. The ORD 5-2 and ORD 5-3 series of the catalog for listing of these items should be referred to for issue allowances. Where parts are stocked for issue in the ORD 5-2 and 5-3 series, separate regulations for these items should be furnished through normal supply channels with justification therefor.
c. This list of all service parts is to be used for identification and storage purposes. Every individual part is not necessarily stocked by itself; many parts are stocked as subassemblies. Such subassemblies are indicated herein. The quantities of such subassemblies are indicated alphabetically with the unit quantity of each part required for that particular application.
d. An explanation of symbols used throughout this catalog is included under NOTES.
e. Additional applications of items listed in this publication, if any, are contained in the Department of the Army Supply Catalog ORD 5-2 series, Cross Reference List.

Supersedes ORD 6 SNL G-27, Section 1, July 1946, including
Change No. 1, 17 July 1947
This pamphlet is revised on 17 December 1946

1. SCOPE. a. This pamphlet ORD 6 SNL G-27 consists of the
following sections, namely:
(1) Section 1—Tool Sets (Special), Motor Vehicles.
(2) Section 2—Tool Sets (General), Specialist and Organiza-
tional.
b. Section 1 lists in detail the special tools comprising toolsets
issued only to Ordnance units for the maintenance of specific vehicles
or component parts of vehicles. An accountability list is included
to cover the issue, location of vehicles in which they are used, special
tools in application. Section 2 lists in detail 425 articles of general
tools comprising toolsets issued in varying quantities as supply
instruments or individual requirements. For further data see General Order
Manual.
c. This pamphlet is supplemented by Tables of Organization and
Equipment, Table of Basic Allowance, and Table of Allowance.
It is imperative therefore that it be in the hands of all organizations
and establishments concerned. Special attention should be given to
its distribution.

Part 1

Class C

Tools, Maintenance,
for
Repair of Motor Vehicles

Section 1—Tool Sets (Special),
Motor Vehicles

Supersedes ORD 6 SNL G-27, Section 1, 1 July 1947, including
Change No. 1, 15 July 1947

This pamphlet is revised on 17 December 1946

1. SCOPE: a. This pamphlet ORD 6 SNL No. G-27 consists of the
separate sections, namely:
(1) Section 1—Tool Sets (Special), Motor Vehicles.
(2) Section 3—Tool Sets (Common), Specialist and Organiza-
tional.

b. Section 1 lists in detail the special tools comprising toolsets
issued only to Ordnance units for the maintenance of specific vehicles
or component parts of vehicles. An accountability list is included
to cover the tool, number of vehicles to which they pertain, special
use, or application. Section 2 lists in detail G2 sections of standard
tool sets comprising toolsets issued to Army units or specialists' as support
units or individual equipment. For further data on Special Equip-
ment.

c. This pamphlet is supplemented by Tables of Organization and
Equipment, Table of Basic Allowance, and Table of Allowance.
It is imperative that it be in the hands of all organizations
and establishments concerned. Special attention should be given to
its distribution.
