 Replaces ORD 7 SNL F-210, 10 August 1950, including 1, 10 September 1950
 (S) TD 49A 1-2-4

This catalog is correct to 30 November 1950

1. GENERAL. a. This is a list of equipment and spare parts which are listed in the supply catalog for operation of the material and for performing organizational maintenance. It includes serial tables of organization and equipment, tables of issue allowances, and tables of allowances.
 b. Explanation of symbols such as H, I, X, etc., used throughout the catalog are included under heading NOTES.
 c. Ordnance instructions will find classification codes in ORD 5-2; Abbrevial Index to Stock List of All Items, for related stock numbers listed herein.
 d. For prices of items contained herein, see the appropriate catalog in the ORD 5-3 series.
 e. For full information relative to the Ordnance section of the Department of the Army Supply Catalog, including the program and how thereof, the procedure followed, and the principle employed in the compilation, see ORD 1-1 Introduction and Index, and the Ordnance Provision System Regulations (OPSR).
 f. For prices of items contained herein, see the appropriate catalog in the ORD 5-3 series.

2. UNIT OFF DENOTED. The Unit of Issue column lists the unit of issue used for each item. This may be in the form of an actual unit of issue such as "co," "platoon," etc., or in the case of most items, merely by the use of "each" designated by "ea."

3. QUANTITY INDICATED IN UNIT. The Quantity Indicated in Unit column lists the actual quantity of the parts required for the particular use indicated.

 (S) TD 49A 1-2-4

This catalog is correct to 4 January 1951

1. GENERAL. a. This is an alphabetical list of items of the telescope mount M30.
 b. Many of the parts listed herein are not stocked for issue. See ORD 5-2 and ORD 5-3 series of the catalog for listing of items not stocked and available for issue. In the supply catalog, items not stocked are listed in the ORD 5-3 series, separate regulations for these items should be forwarded through normal supply channels with justification therefor.
 c. This list of all service parts is to be used for identification and storage purposes. Every individual part is not necessarily stocked in full; many parts are stocked as authorized assemblies. Such assemblies are indicated herein. The quantities of each assembly are listed alphabetically with the unit quantities of the parts required for that particular application.
 d. An explanation of symbols used throughout this catalog is included under NOTES.
 e. Additional applications of items listed in this publication, if any, are contained in the Department of the Army Supply Catalog (ORD 5-3 series, Cross Reference List).

Section 1—Tool Sets (Special),
Motor Vehicles

Supersedes ORD 6 SNL G-27, Section 1, 1 July 1947, including
Change No. 1, 17 April 1947

This pamphlet is revised on 17 December 1946

1. SCOPE: a. This pamphlet ORD 6 SNL No. G-27 consists of the
following sections, namely:
(1) Section 1—Tool Sets (Special), Motor Vehicles.
(2) Section 3—Tool Sets (Common), Specialist and Organiza-
tional.

b. Section 1 lists in detail the special tools comprising toolsets
issued only to Ordnance units for the maintenance of specific vehicles
or component parts of vehicles. An accountability list is included
to cover the tool, location of vehicle in which the particular special
tool is required. Section 2 lists in detail G2 sections of standard
tools comprising toolsets issued to Army units as specified in supply
instructions or authorized equipment. For further data on Special Equip-
ment.

c. This pamphlet is supplemented by Tables of Organization and
Equipment, Table of Basic Allowance, and Table of Allowance.
It is imperative that it be in the hands of all organizations
and establishments concerned. Special attention should be given to
its distribution.
